Iacobucci HF Aerospace Seats on board the all-new Four Seasons Jet.

May 22nd, 2015 – Ferentino (FR) ITALY. Iacobucci HF Aerospace exclusive seats are on board the new Four Seasons B757 private aircraft. In collaboration with Four Seasons Hotels and Resort, TCS Expeditions and FactoryDesign, Iacobucci HF Aerospace has conceived a custom-made, flat-bed seat of refined elegance, craftsmanship quality and style to guarantee a premium flying experience on board the aircraft.

The **Iacobucci HF Aerospace** bespoke **MADE IN ITALY** seat, a contemporary design combined with luxurious finishes, ensures the highest levels of comfort and privacy on board this ultra-exclusive aircraft configuration for Four Seasons *Around the World* private jet trips.

The design of the luxury interiors for the Boeing 757 went from 233 standard-size seats to 52 lie-flat seats in a 4 abreast configuration to create a unique cabin experience for only 52 VIP guests. The **new Iacobucci HF Aerospace state-of-the-art flat-bed leather seat** for the **Four Seasons Jet**, is pure luxury 21 inches wide, offering unmatched comfort and an exclusive customer experience. With an intensive research on all the materials and structure, Iacobucci HF Aerospace has created a unique product with a new and fresh design flavor featuring carefully placed contrasts in color palette and texture.

"Having been selected by TCS World travel for the realization of a unique seat, for an innovative and prestigious project for the famous hotel chain FOUR SEASONS, is a matter of pride to me and my company . We have developed a product tailored to the customer who wanted the ultimate in terms of comfort and luxury for its passengers. It was not easy, but we succeeded in realizing in a single seat the highest in craftsmanship and technology Made in Italy. I am happy to see our seats finally fly on one of the most prestigious and luxurious jet in the world" said Lucio Iacobucci, President & CEO of Iacobucci HF Aerospace.

The hand-crafted seat realized by the Italian seat manufacturer, **Iacobucci HF Aerospace**, is fully electromechanically operated. It is equipped with privacy divider, screen and dedicated ottoman, the seat berths in full flat position to ensure maximum stability and superior comfort. The seat is provided with two PC power outlets, USB chargers and beverage holders and mood-light effects located on the aisle side. In addition to these innovative features, the private jet has switch control integrating flight attendant call and overhead reading light. The ottoman is fitted with a stowage compartment for personal amenities with additional USB chargers. Furthermore the seat offers a wide range of pre-set or personally adjusted movements, all managed by software, allowing different configurations from upright to full flat-bed position with the touch of a button.

Passion, craftsmanship, commitment to quality and attention to details were the Iacobucci HF Aerospace drivers in the development of a state-of-the-art seat for Four Seasons Hotels and Resorts, world leader in luxury hospitality and service.
